

VistaNet

Browser Based Applications for Teachers Attendance, Grade Reporting, Standards Reporting

Integrated Administrative Software for Education

Attendance

- # System is aware of when teacher last took attendance and presents with the next period
- # Automatic password generation or district default for first logon
- # District/school options for teachers to change passwords
- # Display students from multiple sections/schools on one attendance list
- # Display student pictures
- # Student review gives teacher student's demographics, schedules, historical attendance and parent data
- # Report teachers who did not take attendance

Grade Reporting

- # Track up to 16 marking periods
+16 progress periods per school year
- # Supports multiple grading schemes for one school
- # Open grade windows by grading scheme
- # No need to schedule simple elementary schools where students are primarily with the same teacher the whole day

| Student ID | Student Name | Subject | 01 | 02 | 03 | 04 | F |
|------------|--------------|--------------------|-----|----|----|----|---|
| 1001 | ALAN ADAMS | READING | 100 | | | | |
| | | READING (Progress) | | | | | |
